#### Results achieved:

- 1. September 15, 2019 - Çubuk Krakerin Yolculuğu Festivali (Journey of Stick Cracker Festival):** This was a festival for deaf children including several workshops from art workshops to science and technology workshops. It was coordinated by Anlatan Eller (Narrating Hands) Association. Kozalak Association contributed to the organization of the event and implemented an environmental workshop, called Journey to the World of Seed, for target children. It enabled both deaf and non-deaf children to meet with soil and seed in an urban setting by preparing seed balls and throwing them into soil to flourish. It was held in 5 sessions with a total of 100 children.
- 2. March 1-2, 2020 - Volunteering and Volunteer Management Training for Bilecik Municipality staff:** It was carried out with the request of Bilecik municipality in order to increase the knowledge and awareness of municipality staff on volunteering and volunteer management. Corporate volunteer policy texts were prepared with 15 municipal employees. The training was designed by the program team of Kozalak Association by taking the needs of the Municipality into account.
- 3. April 3, 2020 - Digital Climate Strike: Interviews with Women Activists Combating the Climate Crisis**  
Moderation by Kozalak Association's Awareness-raising Coordinator Nagihan Demirsu  
With following interviewees;
  - Selin Gören as Fridays For Future Activist in İstanbul
  - Duru Kireççi as Fridays For Future Activist in İstanbul
  - Billur Bektaş as a Ph.D. candidate in France

A live broadcast was held via Instagram on the 3<sup>rd</sup> of April during Global Digital Climate Strike. Fridays With Fridays for Future activists we talked about climate action and the role of young women in fighting the climate crisis. With our third guest as a young female academic studying ecosystem, we talked about the relations between climate crisis and biodiversity. About 150 people watched the broadcast and conveyed their comments and questions during the event.

#### **4. April 15-22, 2020 - Earth Day Events:**

##### **Open Radio Climate Emergency Program:**

Emine Özkan (Board member and Networking Coordinator) and Nagihan Demirsu (Board Member and Awareness-raising Coordinators) from Kozalak Association has participated Climate Emergency Program prepared by climate activist Can Tombil for Open Radio on 17<sup>th</sup> of April. They informed audiences on Kozalak Association, including its vision and mission as well as activities conducting, and the importance of the Earth Day. In addition, they announced which activities Kozalak Association for Earth Day including social media campaign and *Words of the Earth* workshop.

**Social Media Campaign for Combating the Climate Crisis at Home:** The theme of the Earth Day 2020 was Climate Action. In accordance to the theme selected, Kozalak Association conducted a social media campaign from 15<sup>th</sup> to 22<sup>nd</sup> of April which aims at raising awareness on what we can do to combat the climate crisis at our homes within the constraints of COVID-19 conditions. 24 different social media posts including 24 different suggestions were shared with our followers in our social media accounts, Facebook, Instagram and Twitter, during the campaign which was also supported through paid advertisements.

**Words of the Earth Workshop:** On April 22, an online workshop designed by the education team of Kozalak Association, was held with 17 participants. This workshop began with the history of Earth Day then tried to demonstrate why global citizenship identities should be fostered all over the countries against climate change and biodiversity losses despite and against existing international and social divisions. It was based on experiential learning and non-formal education methodologies such as collective story-writing, emotion-sharing and interactive group works. The workshop was ended with a letter written collectively and spontaneously by the participants from the mouth of the Earth 2050. A video of the letter with animations was also later prepared and released in social media accounts. As of 15<sup>th</sup> of May 2020 the video has been shown 347 times and received 55 interactions.

#### **5. Global Histories for Global Citizens – History webinars:**

**May 3, 2020 - History Webinar 1 Revisiting History in Corona and Climate Crisis Days: Black Death** This webinar is about the history of the Black Death which was a plague pandemic covering Europe and Ottoman worlds in the 14<sup>th</sup> and 15<sup>th</sup> centuries. The webinar narrated for 15 participants how ecosystem components, including a pathogen, host animals, vector organisms, humans and environment and climate, were interacted in multiple ways and led to dramatic social, economic, cultural and political consequences including the demise of feudalism, peasant insurgencies, delaying marriages and Renaissance.

#### **Expected results:**

- 1. May 30, 2020 – History Webinar 2 Revisiting Common Cultural Heritage during Corona Days: Renaissance**

**2. June 6-7, 2020 World Environment Day Events:**

***Words of the Earth: Climate Crises Workshop:*** It will be organized again on 6<sup>th</sup> of June in cooperation with the Foreign Affairs and EU Department of the Governorate of Ankara Province.

***My Home Is Nature Workshop:*** On the 7<sup>th</sup> of June, we will organize a workshop to help children connecting with nature while staying at home in isolation. Kozalak Association's volunteer creative drama instructors and Kozalak training design team have been designing the workshop. The workshop, which is open to the participation of children between the ages of 10 and 13, will take place online.
